Jaz Brown Will Soon Be Receiving a Visitor... A Sexy Visitor Who's Out of This World

Jazmine Brown Is a smart college woman who has made a stupid choice in a boyfriend. When she finds him in the bathroom of their local bar in a compromising position she dumps him. But this does little to shore up her flagging self-confidence. She's convinced she's consigned to the bargain basement of love because she doesn't conform to society's standard for beauty. **Little does she know that a big and beautiful woman such as herself is considered the paragon of beauty in the rest of the galaxy.**

Ruem Hosta leads a life of pleasure free of commitments. It's better that way because it is his job to find mistresses for the rich and noble galactic houses. The women he finds give their (usually very eager) consent for this so they can lead a life of luxury. But his luck hasn't been good lately, and his boss gives him a one last chance job. However an unlucky encounter with a minefield tosses his little ship far from the galactic center to small solar system with one blue pearl of a water world, Earth. Frustrated by his inability to reach the planet of his latest assignment he decides to find what he needs on Earth.

He finds a woman that matches the specifications of his boss perfectly. Only to his dismay he finds she matches Ruem's as well. Now he's faced with two impossible choices. Either he convinces Jazmine to take the lucrative contract her boss offers, or to take her for himself. Which will he chose? Either one will change his life forever.
