Frost & Flame Trilogy about ghosts, real hauntings and paranormal investigations.

After an enlightening and terrifying adventure hundreds of miles from their home, the paranormal research team of EVP investigations was prepared for a simple and peaceful round of investigations to find more evidence documenting, and proving, life after death.

A new request had brought them to one of the last places they would have ever expected, a social club.

Before the investigation even begins, direful visitations ensue. A seemingly benign haunting quickly becomes a curious and frightening mystery, that needs to be solved

in order to help the souls trapped in this century old building that once was the home of the Bettiger family.

Ghostly warnings to 'Save the children, before it is too late' haunt the members of the team, and drive them to a relentless search for answers, the truth, and to solve the mysterious warning. How long did they have before it was 'too late', no one knew, and they had no choice but to try to find that answer.

Based on true events.
