der fUTuR Husbun, GO away!

SoPHIE

At her father's urging, Sophie started writing letters to her future husband when she was a little girl—though at first they were more like hate mail than love letters. But as she grew older and the boys at school started looking cuter, her letters became something more.

By the time Sophie's in college and traveling through Italy, she's sure she's found the perfect man to give all her letters to. But life and love don't always end up going as planned.

This endearing LDS romance will remind you that sometimes the man of your dreams isn't the person you thought he'd be—sometimes he's even better.
