The Edgar Cayce Way of Overcoming Multiple Sclerosis: Vibratory Medicine

Dr. Dudley J. Delany

The Edgar Cayce Way of Overcoming Multiple Sclerosis: Vibratory Medicine Dr. Dudley J. Delany
In the summer of 1991, Dr. Dudley Delany (a now retired chiropractor, massage therapist, and registered nurse) began experiencing numbness, blurred vision, difficulty swallowing, tremors, muscle spasms, depression, fatigue, failing memory, slurred speech, and bladder dysfunction. It was multiple sclerosis, a chronic neurological disease of the brain and spinal cord that afflicts an estimated 2-1/2 million people worldwide. In the fall of that year, he began using an alternative treatment suggested by Edgar Cayce, a man many regard as the father of modern holistic medicine. It involved diet, massage, keeping a positive mental attitude, maintaining a high spiritual ideal, and consistent use of a very mild, usually imperceptible form of electrotherapy (vibratory medicine). Over a period of about two years, all of his symptoms gradually disappeared. This book documents Dr. Delany's successful conquest of MS, and it contains many easily followed recommendations potentially helpful in treating this disturbing, sometimes devastating disease. It is MUST reading for anyone with MS!
