# International Fascism: Theories, Causes and the New Consensus (Arnold Readers in History)

## International Fascism: Theories, Causes and the New Consensus (Arnold Readers in History)

This reader focuses on the definition and ideology of generic fascism, bringing together articles, essays, and political writings by several key figures to lay bare the structural affinity that relates fascism not only to Nazism but to the many failed fascist movements that surfaced in inter-war Europe and elsewhere. In both his introduction and his editorial commentary Griffin locates the driving force behind all fascist movements in a distinctive utopian myth, that of the regenerated national community, destined to rise up from the ashes of a decadent society.
