Shapes of Clay (annotated) Ambrose Bierce

"Many of the verses in this book are republished, with considerable alterations, from various newspapers. Of my motives in writing and in now republishing I do not care to make either defence or explanation, except with reference to those who since my first censure of them have passed away. To one having only a reader's interest in the matter it may easily seem that the verses relating to those might properly have been omitted from this collection.
