A stunning, illustrated account of devastation and survival in the wake of one of America's most destructive tornadoes.

Colossal trees snap like matchsticks. A gigantic orange fireball explodes in the funnel's black core. Horses are sucked up and spit out alive by 200-mile-per-hour winds. These were just a few of the scenes that unfolded on June 8, 1966, when a massive EF-5 tornado cut a 22-mile swath across eastern Kansas and straight through Topeka--Kansas's capital city. When it was over, 16 people were dead, more than 500 were injured, and property damage had reached \$100 million, making the tornado the most destructive in U.S. history up to that time.

That fateful day comes back to life in *And Hell Followed With It: Life and Death in a Kansas Tornado*. Author Bonar Menninger has interviewed dozens of survivors to construct a tightly woven narrative that conveys in gut-wrenching detail what it's like when nature careens out of control and ordinary people face extraordinary, life-threatening situations. The book features dozens of remarkable photographs, as well as a series of engaging, hand-drawn maps that place readers alongside individuals in the book as the tornado approaches.
