## Flat Spin (Cordell Logan Mystery) David Freed

David Freed's first mystery is a stay-up-late-to-finish thriller. It's also got some of the funniest lines - and characters - one is likely to encounter in any mystery, along with a tense and compelling plot and a most original protagonist.

Based in sunny Rancho Bonita - "California's Monaco" as the city's moneyed minions like to call it - Cordell Logan is a literate, sardonic flight instructor and aspiring Buddhist with dwindling savings and a shadowy past. When his beautiful ex-wife, Savannah, shows up out of the blue to tell him that her husband has been murdered in Los Angeles, Logan is quietly pleased. Savannah's late husband, after all, is Arlo Echevarria, the man she left Logan for.

Logan and Echevarria were once comrades-in-arms assigned to a top-secret military assassination team known as "Alpha." The only problem is, the LAPD can find no record of Echevarrias ever having toiled for Uncle Sam. Savannah wants Logan to tell the police what he knows. At first he refuses, but then, relying on his small, aging airplane, the "Ruptured Duck," and the skills he honed working for Alpha, Logan doggedly hunts Echevarria's killer.

His trail takes him from the glitzy Las Vegas Strip to the most dangerous ghettos of inner-city Oakland, from darkened, Russian Mafia haunts in West Los Angeles to the deserts of Arizona. But that's the least of his problems. It is his love-hate relationship with Savannah, a woman Logan continues to pine for in spite of himself, that threatens to consume him.

*"All I can say is, 'wow'. For a first novel this one is outstanding. Action-adventure, mystery, death and destruction, what more could a discerning reader want! The author has put together a great story...If you are looking for a superb read, then you can't go wrong here."*
