**Introducing Research Methodology: A Beginner's Guide to Doing a Research Project** Uwe Flick

In the **Second Edition** of this textbook designed for new researchers, Uwe Flick takes readers through the process of producing a research project. The book gives readers the fundamental data collection and analysis skills that they need for their first project, as well as a good understanding of the research process as a whole. It covers both quantitative and qualitative methods, and contains plenty of real-life examples from the author's own research.

The book will help readers to answer questions such as:

- why do social research in the first place?
- how do I develop a researchable question?
- what is a literature review and how do I conduct one?
- how could I collect and analyze data?
- what if I want to do my research online?
