The French Verb Chart Workbook 2 is designed for intermediate to advanced students and contains 74 essential preprinted verb charts.

Mastering the art of conjugating the French verb requires learning an enormous amount of information - regular and irregular verbs, infinitives, personal pronouns, moods, simple and compound tenses, stems endings, auxiliary verbs, past participles - for all 14 tenses. In order to learn all that without becoming overwhelmed, confused and discouraged, it is absolutely essential to have a system!

The French Verb Chart is the only systematic, hands-on, organizational working tool that offers students of French of all ages and levels the opportunity to master the art of conjugating the French verb by creating their own reference sheets of verb conjugations as they work their way through the process one infinitive, one personal pronoun, one corresponding verb form, and one tense at a time. The French Verb Chart is a working tool because students will write and record verb conjugations on it, view and review it over and over again until committed to memory.

The act of writing as well as the structure and methodology of the chart assist the student in committing the conjugation to memory and in visualizing each verb's conjugation. The Chart also helps to keep all the written conjugation information learned in one, easy-to-find place. As the student progresses and learns new tenses, the conjugations of previously learned tenses can be easily reviewed because they are right there on the one Chart.

The intent of the French Verb Chart is to use the same verb chart for each verb from beginning to intermediate to advanced level of study - the Chart becomes more complete as the student learns more tenses over time. The format is systematic, consistent and easy to understand and will never be outdated.

Using The French Verb Chart, my students have enjoyed a sense of accomplishment, completion and satisfaction knowing that they have mastered the art of conjugating the French verb - and yours will too!

A lifelong educator and devoted Francophile, Daniel has taught French for four decades at university, high school, middle school and elementary school levels. Inspired by his own high school French experiences, he has shared his passion for the French language and culture with thousands of students. He is dedicated to seeing that his students - young and adult - succeed and have confidence in their speaking, reading and writing abilities. He has traveled, worked, taught and lived extensively in France, Switzerland, Italy and the United States.

As a result of his many years of experience, Daniel has developed a unique and highly successful approach to the study and command of the elusive French verb called The French Verb Chart. Proven over and over again in the classroom with students of all ages, The French Verb Chart is a system that all students of French should employ. Daniel has proven that structure, method and a system for learning can take the mystery, fear and frustration out of one of the most complex aspects of learning the French language - verb conjugation.
