Welcome to the fifth edition of the Basic Training Manual for Healthcare Security Officers. The IAHS is proud to provide this educational resource for today's professionals. An easy-to-date manual, this publication helps prepare safety and security personnel to address the special needs of healthcare organizations. This manual helps prepare security officers to take the IAHS Basic Training certification examination. In this edition, you will find up-to-date information pertaining to the healthcare security and safety profession. The Council on Education, IAHS voluntary leaders, and interested members have provided valuable input to guide our work on this revision. The new edition addresses the latest information available and applicable to the profession. Again with this edition, we have drawn on experienced professionals in the field of healthcare security operations and management as authors and reviewers.
