## Descriptive Inorganic Chemistry, Third Edition James E. House, Kathleen A. House

House's *Descriptive Inorganic Chemistry, Third Edition*, provides thoroughly updated coverage of the synthesis, reactions, and properties of elements and inorganic compounds. Ideal for the one-semester (ACS-recommended) sophomore or junior level course in descriptive inorganic chemistry, this resource offers a readable and engaging survey of the broad spectrum of topics that deal with the preparation, properties, and use of inorganic materials.

Using rich graphics to enhance content and maximize learning, the book covers the chemical behavior of the elements, acid-base chemistry, coordination chemistry, organometallic compounds, and numerous other topics to provide a coherent treatment of the field. The book pays special attention to key subjects such as chemical bonding and Buckminster Fullerenes, and includes new and expanded coverage of active areas of research, such as bioinorganic chemistry, green chemistry, redox chemistry, nanostructures, and more.

- Highlights the Earth's crust as the source of most inorganic compounds and explains the transformations of those compounds into useful products
- Provides a coherent treatment of the field, covering the chemical behavior of the elements, acid-base chemistry, coordination chemistry, and organometallic compounds
- Connects key topics to real world industrial applications, such as in the area of nanostructures
- Includes expanded coverage on bioinorganic chemistry, green chemistry, redox chemistry, superacids, catalysis, and other areas of recent development

### **From reader reviews:**

#### **Bessie Morris:**

Have you spare time for any day? What do you do when you have more or little spare time? Yes, you can choose the suitable activity to get spend your time. Any person spent their particular spare time to take a wander, shopping, or went to the actual Mall. How about open or maybe read a book entitled Descriptive Inorganic Chemistry, Third Edition? Maybe it is for being best activity for you. You recognize beside you can spend your time using your favorite's book, you can more intelligent than before. Do you agree with it is opinion or you have different opinion?

#### **Jared Hoskins:**

The book untitled Descriptive Inorganic Chemistry, Third Edition is the publication that recommended to you to see. You can see the quality of the publication content that will be shown to you. The language that writer use to explained their way of doing something is easily to understand. The writer was did a lot of exploration when write the book, and so the information that they share to your account is absolutely accurate. You also could get the e-book of Descriptive Inorganic Chemistry, Third Edition from the publisher to make you more enjoy free time.

#### **Virginia Johnson:**

In this era globalization it is important to someone to acquire information. The information will make anyone to understand the condition of the world. The fitness of the world makes the information better to share. You can find a lot of personal references to get information example: internet, newspaper, book, and soon. You will observe that now, a lot of publisher which print many kinds of book. The book that recommended for you is Descriptive Inorganic Chemistry, Third Edition this publication consist a lot of the information from the condition of this world now. That book was represented how can the world has grown up. The words styles that writer use to explain it is easy to understand. Typically the writer made some analysis when he makes this book. Here is why this book acceptable all of you.

#### **Lorraine Michael:**

This Descriptive Inorganic Chemistry, Third Edition is brand-new way for you who has interest to look for some information as it relief your hunger of information. Getting deeper you in it getting knowledge more you know or you who still having bit of digest in reading this Descriptive Inorganic Chemistry, Third Edition can be the light food to suit your needs because the information inside this particular book is easy to get simply by anyone. These books produce itself in the form that is reachable by anyone, yep I mean in the e-book web form. People who think that in guide form make them feel tired even dizzy this publication is the answer. So there is absolutely no in reading a book especially this one. You can find actually looking for. It should be here for an individual. So , don't miss the item! Just read this e-book style for your better life as well as knowledge.
