*Angelo Kinicki, Brian Williams*

**Loose-Leaf for Management: A Practical Introduction** Angelo Kinicki, Brian Williams

**"NOTE: This ISBN is a standalone book and doesn't include an access code."**

The seventh edition of *Management: A Practical Introduction* by Kinicki/Williams?a concepts book for the introductory course in management-uses a wealth of instructor feedback to identify which features from prior editions worked best and which should be improved and expanded. By blending Angelo's scholarship, teaching, and management-consulting experience with Brian's writing and publishing background, we have again tried to create a research-based yet highly readable, practical, and motivational text.

The primary goal is simple to state but hard to execute: to make learning *Principles of Management* as easy, effective, and efficient as possible. Accordingly, the book integrates writing, illustration, design, and magazine-like layout in a program of learning that appeals to the visual sensibilities and respects the time constraints and different learning styles of today's students. It is the hope that this product will make a difference in the lives of students, to produce a product that students will enjoy reading, and that will provide them with practical benefits.
