Manual of Mythology: Greek and Roman, Norse, and Old German, Hindoo and Egyptian Mythology (Classic Reprint) A. S. Murray

The descriptions of the Greek deities have been largely re-written, and at the end of each has been added, in smaller type, an account of the most memorable works of art in which each deity is or was represented. Among the legends of the Greek heroes, those of the labours of Herakles have been re-written and greatly enlarged. The chapters on the Eastern and Northern Mythology are entirely new, and have been further made more readily comprehensible by the addition of new illustrations.
