The Man in the Gray Flannel Suit Sloan Wilson

Universally acclaimed when first published in 1955, *The Man in the Gray Flannel Suit* captured the mood of a generation. Its title — like *Catch-22* and *Fahrenheit 451* — has become a part of America's cultural vocabulary. Tom Rath doesn't want anything extraordinary out of life: just a decent home, enough money to support his family, and a career that won't crush his spirit. After returning from World War II, he takes a PR job at a television network. It is inane, dehumanizing work. But when a series of personal crises force him to reexamine his priorities — and take responsibility for his past — he is finally moved to carve out an identity for himself. This is Sloan Wilson's searing indictment of a society that had just begun to lose touch with its citizens. *The Man in the Gray Flannel Suit* is a classic of American literature and the basis of the award-winning film starring Gregory Peck. "A consequential novel." — *Saturday Review*
