Science fiction meets science fact! Frank Einstein (kid-genius scientist and inventor) and his best friend Watson, along with Klink (a self-assembled artificial intelligence entity), create the BrainTurbo to power-boost the human body and help their baseball-pitching pal Janegoodall make the team. But when Klank (a *mostly* self-assembled and artificial *almost* intelligence entity) goes missing, they must first rescue their robot pal and stop T. Edison—Frank's classmate and archrival—from stealing their latest invention and using it against them!
