The Elegant Woman: For the Woman Who Wants to Increase Her Elegance and Beauty Eunice Leong
Fashion may come and go, beauty may fade, but elegance is forever. In an attempt to feel more comfortable in a more elegant crowd, I endeavored to find ways to assimilate. I didn't think I could keep up by buying more Chanel bags, and thankfully I realized later that I didn't have to! Elegance is so much more than beautiful things. I wanted to be like Audrey Hepburn, but I wondered how to translate old school manners and classic dressing into this modern world. I didn't want to be like the woman who looked stuck in the 50s. This book was based on my journey about learning to be elegant without losing myself and becoming someone I'm not. I've since realized that there is more to being elegant than becoming the stereotypical 'elegant woman'. You can wear your own version of elegance, as long as principles of elegance remain. You don't even have to like pearls (though, they are very tasteful.) This book is written for all those who feel they need more ideas for a little more elegance, confidence and beauty. Most of all, I hope they find encouragement that they too can live a beautiful life regardless of budget or circumstance.
